Knowtion Health Receives Inc. 5000 Ranking Among America's Fastest-Growing Private Companies

BOCA RATON, Florida, August 16, 2022 – Knowtion Health, formerly RSource Healthcare, announced today its ranking as an Inc. 5000 Fastest-Growing Company, the most prestigious ranking of the fastest-growing private companies in America. The list represents a one-of-a-kind look at the most successful companies within the economy's most dynamic segment—its independent businesses.

"This has been an exciting year for Knowtion Health, with our rebranding in June and revenue growth that establishes our organization as a leader in healthcare revenue cycle management," said Jayson Yardley, CEO, Knowtion Health. "This recognition from Inc. 5000 is a tremendous testament to the hard work and ingenuity of our team and the service we provide to our healthcare clients that helps them capture the revenue they are owed."

The companies on the 2022 Inc. 5000 have not only been successful, but have also demonstrated resilience amid supply chain woes, labor shortages, and the ongoing impact of Covid-19. Among the top 500, the average median three-year revenue growth rate soared to 2,144 percent. Together, those companies added more than 68,394 jobs over the past three years.

Complete results of the Inc. 5000, including company profiles and an interactive database that can be sorted by industry, region, and other criteria, can be found at www.inc.com/inc5000. The top 500 companies are featured in the September issue of Inc. magazine, which will be available on August 23.

"The accomplishment of building one of the fastest-growing companies in the U.S., in light of recent economic roadblocks, cannot be overstated," says Scott Omelianuk, editor-in-chief of Inc. "Inc. is thrilled to honor the companies that have established themselves through innovation, hard work, and rising to the challenges of today."

In the past few years, Knowtion Health's investment in high-tech claims resolution, complemented by the deep expertise of its staff, has strengthened its ability to meet the revenue cycle needs of healthcare organizations across the country, supporting their ability to provide care. "In a world where the balance of power has always favored payers, too many healthcare providers and their patients have been stuck in a claims game they just can't win. We've found a way to give hospitals and their patients more control over their destiny and get the revenue they are owed," Yardley says. "That's why our tagline and promise to every client is: You've Got This Now."
